Re: FY 19 budget- Massachusetts Legal Assistance Corporation

Dear Governor Baker:

On behalf of the Massachusetts Bar Association and its 14,500 members statewide, I am writing to urge you to approve the allocation of $21,040,000 for the Massachusetts Legal Assistance Corporation (MLAC) in the FY19 budget.

MLAC provides funding for basic civil legal needs of low-income people, helping them with issues related to housing, immigration, family law, domestic violence, health care, education and protection of elders.

Increasing funding for MLAC is essential to addressing the significant unmet legal needs of the most vulnerable citizens in the Commonwealth. Nearly two-thirds of eligible residents are turned away due to a lack of resources. To be eligible for legal services, residents’ income must be at or below one hundred twenty five percent of the federal poverty level. When the Massachusetts Bar Association was founded over 100 years ago, we adopted the motto “fiat justitia.” Let justice be done. Justice should not be deterred due to economic barriers.

Additionally, adequately funding legal services is a sage investment for the Commonwealth. MLAC’s 2016 Economic Benefits report found that MLAC-funded civil legal aid programs in FY16 yielded $49.3 million in savings or new revenue for the state and its residents. Clients of civil legal aid programs are often times; families with young children, the elderly and domestic violence survivors. Attorneys assist these vulnerable people in navigating a complex legal system as well as assisting them in attaining benefits that are vital to their safety and welfare.
Every resident of the Commonwealth is entitled to equal protection under the law. Funding MLAC at the proposed budget level of $21,040,000 will increase the capacity for civil legal aid programs which would directly benefit low-income families in Massachusetts. Thank you for your consideration of our views.

Very truly yours,
